

# Pharmacy Update

## Medicaid Enrollment Rejects New York Medicaid

### MetroPlus Health Plan

RXBIN: 004336

RXCPN: ADV

RXGRP: RX7541, RX7543, RX7545

Section 5005(b)(2) of the 21st Century Cures Act requires all Medicaid Managed Care network furnishing, ordering, prescribing, and referring providers, to be enrolled with State Medicaid programs. This information was previously communicated in the January 2018 New York State (NYS) Medicaid Update Article found here:

[www.health.ny.gov/health\\_care/medicaid/program/update/2018/2018-01.htm](http://www.health.ny.gov/health_care/medicaid/program/update/2018/2018-01.htm)

**Effective September 1, 2022, MetroPlusHealth Managed Medicaid Plan members must use providers (e.g., pharmacies, providers, and specialists) enrolled with the NYS Medicaid program. These providers must have a valid Medicaid ID.**

If your pharmacy receives one of the following rejects:

#### Reject 889 <<Prescriber Not Enrolled in NYS Medicaid Program>>

- To override the reject for Interns, Residents, and Foreign Physicians who are not yet licensed with NYS Medicaid and therefore cannot enroll with the State Medicaid program:
  - Use Submission Clarification Code (SCC) value '55'
  - CVS Pharmacies use SCC value '42'

#### Reject 890 <<Pharmacy Not Enrolled in NYS Medicaid Program>>

- To override the reject for Pharmacies pending NYS Medicaid enrollment:
  - Use SCC value '56'

Please be advised, when an SCC override is submitted, the pharmacy is certifying they have validated that the Prescriber or the pharmacy is active and valid and can prescribe and dispense medications. The override process may be subject to audit.

One-time overrides may be considered by contacting the Pharmacy Help Desk for the following:

- A single instance of emergency medical care (e.g., member visited the emergency room and was seen by a non-enrolled prescriber)
- Foster Care Members:
  - If the member needs medication from a non-enrolled pharmacy, provider, or specialist, an override will be approved, up to one (1) override per drug per month
- Transition supplies for members new to a health plan, at least one (1) 30-day fill within the first 90 days of enrollment Members requiring urgent treatment for substance use disorder and/or behavioral health condition

Pharmacy network participation varies by plan.

The recipient of this fax may make a request to opt-out of receiving telemarketing fax transmissions from CVS Caremark. There are numerous ways you may opt-out: The recipient may call the toll-free number at 877-265-2711 and/or fax the opt-out request to 401-652-0893, at any time, 24 hours a day/7 days a week. The recipient may also send an opt-out request via email to [do\\_not\\_call@cvshhealth.com](mailto:do_not_call@cvshhealth.com). An opt out request is only valid if it (1) identifies the number to which the request relates, and (2) if the person/entity making the request does not, subsequent to the request, provide express invitation or permission to CVS Caremark to send facsimile advertisements to such person/entity at that particular number. CVS Caremark is required by law to honor an opt-out request within thirty days of receipt. **An opt out request will not opt you out of purely informational, non-advertisements, Caremark pharmacy communications such as new implementation notices, formulary changes, point-of-sale issues, network enrollment forms, and amendments to the Provider Manual.**

This communication and any attachments may contain confidential information. If you are not the intended recipient, you are hereby notified that you have received this communication in error and that any review, disclosure, dissemination, distribution, or copying of it or its contents, is prohibited. If you have received this communication in error, please notify the sender immediately by telephone and destroy all copies of this communication and any attachments. This communication is a Caremark Document within the meaning of the Provider Manual, and as such is Caremark Confidential Information that must be protected by the Provider and used only as described in the Provider Manual.
