

TO: OASAS Part 822 Comprehensive Outpatient Programs (COP)

RE: Status Update of OASAS Part 822 Comprehensive Outpatient Treatment Program (COP)

Impacted Plans: Medicaid, Partnership in Care, Enhanced, HARP, UltraCare

Dear MetroPlusHealth Provider,

Effective August 1, 2024 OASAS has directed programs to transition to the COPs rates codes, and it expects that all programs will be utilizing and paying according to the COP rate codes by November 1, 2024. MetroPlusHealth Plan is in the process of reviewing contracts to determine if any amendments are needed to support the OASAS COPs program. MetroPlusHealth will be contacting you directly should an amendment be necessary. The new rates codes will be reimbursed by APG methodology. The new rate codes are as follows.

Service	Rate code	Region
OASAS Comprehensive OP Program - Freestanding	1036	Upstate
	1036	Downstate
OASAS Comprehensive OP Program - Hospital	1039	Upstate
	1039	Downstate

Please note:

New rates codes are anticipated to be updated in the 3M APG grouper-pricer for each provider. On August 16, 2024, MetroPlusHealth conducted an analysis of the 3M APG-Grouper for impacted providers and noted that the rates and codes have not been updated. We are checking this update status frequently. Upon confirmation that 3M is updated, all claims received prior to the 3M update, with a date of services August 1, 2024, or after, will be reprocessed by MetroPlusHealth. There will be no action required from your organization.

If you have any questions regarding this memo, please contact MetroPlusHealth at: ProviderRelationsOps@metroplus.org.

Thank you.
MetroPlusHealth
