On the right, another woman with dark hair and glasses, wearing a blue denim shirt over a purple ribbed top, is also laughing. They appear to be in a living room setting.

Welcome to MetroPlusHealth

Thank you for choosing Medicare with MetroPlusHealth

As President and CEO of MetroPlusHealth, I want to welcome you to our plan. This guide will help you get started. It outlines how your plan and MetroPlusHealth membership works. I hope it answers any questions you may have.

We are always here to help. You can reach us in several ways:

-  Visit us online **metroplusmedicare.org**
-  Call us at **866.986.0356 (TTY: 711)**,
Monday to Friday, 8am to 8pm; Saturday, 9am to 5pm
-  Visit us in-person **metroplus.org/in-your-community/locations**

Enclosed is your new MetroPlusHealth identification (ID) card. It also has important details about your coverage. Please look it over, then put it in your wallet. It's a good idea to always carry your ID card with you, along with your red, white, and blue Medicare card. If you have Medicaid, as well, please carry that card with you, too.

Note: If you prefer not to receive sales-related phone calls from MetroPlusHealth, please contact us at **help.memberexperience@metroplus.org** or call **866.986.0356** (TTY: 711) to opt out. Once you are opted out, you will be opted out indefinitely until you notify us of your intent to opt back in.

Thank you again for joining MetroPlusHealth. We're proud to have you as a member, and we look forward to serving you.

Sincerely,

A handwritten signature in black ink, appearing to read "Talya".

Getting started is easy

The HRA Form

When you join MetroPlusHealth, you need to fill out a Health Risk Assessment (HRA) form. This form asks questions about your health and history. The HRA helps us help you — you may be eligible for special programs to help you stay healthy. You can fill out your HRA online now at **members.metroplus.org**. You can also call Member Services to finish the form over the phone or have a copy mailed to you.

Carry your ID card

Check your new ID card. If you have any questions or need to make changes, please call Member Services at **866.986.0356, TTY: 711**. Keep the card with you at all times.

Download our app

Our secure member portal and app allows you to manage your plan. You can find a doctor, get a virtual ID card, order a replacement ID card, get your health rewards, and more through your member portal at **members.metroplus.org**. It's quick and easy to do! You can find the MetroPlusHealth app on Apple® or Google Play™.

Find a doctor

View our full list of participating doctors. Look for one that meets your needs, using the Find a Doctor tool at **metroplus.org/members/find-a-doctor**.

For all details and other important information visit **metroplus.org**

Tip: Visit your Primary Care Physician (PCP) within the first 90 days of joining MetroPlusHealth and you may earn points for our Member Rewards Program. Visit **metroplus.org/member-rewards** for details.

Choosing an in-network doctor

It is important for you to have a PCP. Getting regular care is important to physical and mental health. Your PCP may suggest and direct other doctors or specialists.

When choosing your PCP, make sure to use our provider network. If you visit a doctor who is not in our network, we can't cover your care. Call to double-check that the provider is still in the network. Also check if the PCP accepts new patients. Use our Find a Doctor tool at metroplus.org/members/find-a-doctor to find an in-network doctor.

To change your PCP

Call Member Services at **866.986.0356 (TTY: 711)**

Make the change on our website at members.metroplus.org

Visiting your doctor

When seeing your PCP (or any doctor) for the first time, prepare for the visit

- ✓ Gather medical records from past doctors
- ✓ Bring the names and phone numbers of your other doctors
- ✓ Make sure you have your MetroPlusHealth ID card with you
- ✓ Bring the ID for any other health coverage you may have
- ✓ Bring a list of any drugs you take
- ✓ Bring the phone number of your pharmacy
- ✓ Write down any questions or concerns you have in advance
- ✓ Let your doctor know about any changes in your health or drugs

Taking care of your oral health is a part of your overall health and well-being. Keep up with your oral health. Schedule a visit with your dentist every six months for routine checkups and cleanings. To learn more about your oral health and to find a dentist, visit metroplus.org/members/health-information/dental-health.

For questions about your MetroPlus Advantage Plan (HMO D-SNP) dental benefits, call DentaQuest at **844.831.9097** (TTY: 800.466.7566).

For questions about your MetroPlus Platinum Plan (HMO) dental benefits, call Member Services at **866.986.0356** (TTY: 711).

Save on prescriptions

You have drug coverage as part of your MetroPlusHealth plan. But you can save more by working with your doctor.

- ✓ **Generic**
- ✓ **Brand**
- ✓ **Specialty**

Whenever possible, ask for generic drugs. Always get drugs from your plan's drug list (known as a formulary). Only fill prescriptions at pharmacies in the MetroPlusHealth network, in order to get the lowest cost.

You can check out your formulary and network pharmacies on our website.

metroplus.org/members/pharmacy

If you have questions about your drug benefits, call **866.693.4615** (TTY: 711).

Costs and your coverage

MetroPlusHealth members need to follow certain rules to get health care. First, always see doctors in our network (for nonemergencies).*

Use our Find a Doctor tool at
metroplus.org/members/find-a-doctor
to find an in-network doctor.

Network providers cannot charge you for covered services. Example: A provider sends us a bill for \$300 and we pay \$200. They cannot send you a bill for the rest of it. If you go to an unapproved out-of-network provider, you will get billed for those services.

*If we do not have a specialist in our network who can give the care you need, call us. We will get you that care from outside our network.

As a member of our plan, you can get great medical care

- ✓ Regular check-ups and office visits with your own PCP
- ✓ Care in skilled nursing facility
- ✓ Lab tests and X-rays
- ✓ Urgent Care
- ✓ Home care
- ✓ Emergency Room
- ✓ Referrals to specialists in our network, including behavioral health providers
- ✓ Hospital care
- ✓ Physical therapy
- ✓ Speech therapy
- ✓ Occupational therapy

For more information about your care, see your member materials.

There is no out-of-pocket cost for preventive care!

For members who pay monthly premiums

To make sure your health coverage is always active when you need it, please make sure to pay your premium by the due date. You will receive a monthly invoice in the mail. You can send your check or money order to:

MetroPlus Health Plan
PO Box 30327
New York, NY 10087

If you would like to have your premium deducted from your Social Security benefit, please contact us and we will be happy to assist you.

Need help or support?

MetroPlusHealth is always here to serve you.

CALL

866.986.0356 (TTY: 711)

Monday to Friday, 8am – 8pm, and Saturday, 9am – 5pm, for any assistance — even paying your monthly premium (if you have one) — over the phone with us.

Know where to go for medical care

Virtual Express Care (Telehealth) - \$0

If you do not feel well, you can stay at home. You can get care 24 hours a day, seven days a week. Get care from a doctor with your smart phone, tablet, or computer for common illnesses like:

- ✓ Colds, coughs, and the flu
- ✓ Allergies
- ✓ Rashes
- ✓ Behavioral health (Mental health and substance use disorder (SUD))

You can learn more or set up Virtual Express Care on our website at metroplus.org/members/virtual-visit-telehealth or just scan this code:

Office Visit

Your PCP can do most of what a telehealth or an urgent care center does. So, see your PCP promptly for a pressing problem. If you do get care somewhere else, set up an appointment for a follow-up or a general examination. Your PCP is the best option for many types of care, such as:

- ✓ Drug refills
- ✓ Getting shots (flu shots, etc.)
- ✓ Managing long-term illnesses
- ✓ Quitting smoking
- ✓ Creating a healthier lifestyle plan
- ✓ Regular checkups and physical exams

Call 911 in a medical emergency. Do not try to drive.

Urgent Care

When it's not a life-or-death situation but it requires fast attention, urgent care centers are a quick and convenient option. Go to metroplus.org for a complete list of network urgent care providers. MetroPlusHealth members can get urgent care throughout New York City to help with:

- ✓ A sudden illness
- ✓ An injury
- ✓ An illness that needs urgent care
- ✓ A condition that does not need an emergency room visit

Urgent care doesn't replace your relationship with your PCP. Your doctor needs to know everything that's going on with your health. Urgent care treats problems like:

Cuts, wounds	Nausea/vomiting, diarrhea
Migraines/headaches	Urinary problems
Sprains and muscle strains	Minor bone fractures/dislocations
Minor burns	Allergic reactions and allergy attacks
Colds, fevers, the flu	Sore throat
Strep throat	Bronchitis
Asthma attack	Possible exposure to HIV

Most urgent care centers can also perform routine tests and procedures, like blood tests and X-rays.

Call 911 in a medical emergency. Do not try to drive.

Emergency Room

Go to the closest hospital emergency room (ER), or call 911 in an extreme situation:

- ✓ It is life-threatening
- ✓ You cannot function
- ✓ You are in unbearable pain

Typical conditions that require an ER include:

Coughing or vomiting blood	Uncontrolled bleeding from a wound
Fractured or broken bones sticking out of the skin	Blurry vision/sudden changes in sight
Poisoning	Major burns
Serious chest pain	Heart palpitations
Serious stomach pain	Slurred speech
Fainting, dizziness	Loss of balance
Sudden confusion	Serious shortness of breath or trouble breathing that does not stop

You may want to go to the hospital where you see your PCP or where your PCP works.

Call 911 in a medical emergency. Do not try to drive.

More than just a health plan

We do much more than cover medical costs. From day one, members have access to these services.

Glossary

Terms to know

Claim: A request for payment to you or your doctor for covered services or items provided to you.

Coinsurance: Your share of the costs of a covered service, shown as a percentage. For example, if a service costs \$100 and your coinsurance is 20%, you would pay \$20. MetroPlusHealth pays the rest of the cost.

Copay: The amount you pay for a covered service. The amount can vary based on the type of service.

Cost Sharing/Out-of-Pocket Costs: Your share of costs for covered services. Includes deductibles, copays, and coinsurance.

Deductible: An amount you could owe during your plan year for covered services before MetroPlusHealth begins to pay. For example, if your deductible is \$500, you pay the first \$500 of covered health care costs. Not everything you pay, such as your premium or costs of noncovered services, counts towards your deductible. For some covered services, MetroPlusHealth does not require your deductible to first be met before it will cover the costs.

Explanation of Benefits (EOB): An EOB will be mailed to you after you receive health care (such as a visit to the doctor). The EOB includes what services you received, the costs, and what MetroPlusHealth paid. An EOB is not a bill.

Network: All doctors, hospitals, and other health care providers that work with MetroPlusHealth. You must use the network for all nonemergency care.

Premium: The amount that must be paid for certain types of insurance to keep your health insurance active.

Primary Care Provider (PCP): A doctor or provider who gives, directs, or helps you get health care.
