

PRIOR AUTHORIZATION METRICS FOR MEDICAL ITEMS AND SERVICES (EXCLUDING DRUGS)

To comply with the CMS Interoperability and Prior Authorization final rule, MetroPlusHealth Plan is required to annually report aggregated prior authorization metrics on our website. Specifically, this includes a list of all medical items and services (excluding drugs) that require prior authorization, as well as data on prior authorization requests for those items and services (e.g., approvals, denials, etc.) over the previous calendar year. Publicly reporting these metrics promotes transparency and accountability, helps patients understand prior authorization processes, and enables providers to evaluate payer performance. In addition, metrics can be used to compare plans, programs, and payers. For questions on the data below, contact: 855.355.6582.

Reporting Period: 2025

The list of medical items and services for which we require prior authorization (excluding drugs) can be found [here](#).
