

Dear Valued MetroPlusHealth Provider,

MetroPlusHealth is proud to announce that Ophelia is now part of our telehealth network, expanding access to evidence-based, compassionate care for patients seeking support for opioid use disorder.

Through this new partnership, MetroPlusHealth members can connect with Ophelia's specialized clinicians via secure telehealth visits, making it easier than ever to receive high-quality medication-assisted treatment from home or any private location.

What this means for MetroPlusHealth providers: You can now refer eligible patients directly to Ophelia for virtual treatment, including buprenorphine-based care, ongoing clinical support, and personalized recovery plans.
