TO: OASAS Providers

Reminder: Notification of Certified Bed Count Changes and Operating Certificate Submission

Impacted LOBs: Medicaid, Partnership in Care (HIV SNP), Enhanced (HARP), and UltraCare (MAP)

Dear MetroPlusHealth Provider,

MetroPlusHealth would like to remind all OASAS Part 816 Freestanding Inpatient Withdrawal and Stabilization, and OASAS Part 818 Freestanding Inpatient Rehabilitation providers to notify us whenever there is an approved change to your facility's certified bed count.

If your facility receives a bed count increase or decrease, please provide MetroPlusHealth with notification of the change along with a copy of your updated OASAS operating certificate reflecting the revised certified capacity.

Maintaining this documentation allows us to verify the bed count change and applicable effective date and supports the appropriate review of related rate information.

The following Bedded Programs current rates are in the links below:

- **OASAS Part 816 Article 32 Medically Supervised Inpatient Withdrawal (Rate Code 4220)**
- **OASAS Part 818 Article 32 Inpatient Rehabilitation (Rate Code 4213)**

If you have any questions regarding this memo, please contact MetroPlusHealth at: ProviderRelationsOps@metroplus.org.

Thank you.
